

New Website, Warehouse for Auto Bolt

Auto Bolt is committed to producing parts to high quality standards as well as providing our customers with exceptional service. We are excited to announce that our new website is up and running. Stop by and visit us at our new domain, www.autoboltusa.com. Offering a look into our product line and capabilities, Auto Bolt's redesigned website now offers many downloadable resources as well as industry related blogs.

We are happy to announce that in the upcoming months, Auto Bolt will have a dedicated packaging and shipping warehouse. We will be moving our shipping department to our recently acquired 30,000 sq. ft. building located right next door to our manufacturing plant.

Auto Bolt, located in Cleveland, Ohio, is an independently owned manufacturer of quality fasteners since 1948. Auto Bolt specializes in offering both low- and high-volume performance and commercial fasteners. Auto Bolt is a leading provider of fasteners for various industrial, distribution and original equipment markets and applications to include truck and trailer, military, construction and agricultural equipment, as well as automotive components.

Contact us at 800.988.BOLT, or visit www.autoboltusa.com for all your fastener requirements.
