

The Fastener Distributor Index (FDI) decreased to 55.8 in September. Will it improve in October?

The only way we'll know is if you complete this month's FDI survey. It takes only two minutes, just a few short multiple-choice questions.

If you already are registered to contribute to the FDI each month, you recently received a reminder to complete this month's survey. If you aren't registered, the process is quick and easy.
