

Greenslade & Company, Inc.'s *Gage Management* Online Service is BACK

Our online **Gage Management Portal** is back up and ready to serve your *Calibration Needs*. As a Greenslade Calibration Customer, you can login to our Gage Management Portal through our website. All of your certifications are online in a PDF format that is *both* downloadable and printable.

If you have used this service in the past, continue with your existing username and password. If you are a new user or have forgotten your login credentials, contact Alberta Holloway callab@greensladeandcompany.com to get set up or reset. Let Greenslade help you save time and money with all of your calibration needs.

As we navigate these uncertain times, many of you have taken up working remotely. The Gage Management Portal allows you to still be connected to your gage certifications wherever you have an internet connection.

We are still open and available for your new gage, testing, consulting, and calibration needs. Feel free to contact us with any questions or quote inquiries. We wish you and those around you, health and happiness as we work through these unprecedented temporary changes together.

Contact Greenslade & Company, Inc. at 817.870.8888 or by email at sales@greensladeandcompany.com. Visit greensladeandcompany.com.
