

International Fastener Expo Awards Nominations Now Open

Since 1981, the International Fastener Expo (formerly NIFMSE) has been the largest fastener show in North America and continues to connect the entire supply chain together at one time, all in one place. To commemorate its 37th year, nominations for the Hall of Fame and Young Fastener Professional awards are now open.

HALL OF FAME (HOF)

The IFE Hall of Fame recognizes and honors individuals who have made significant contributions to the betterment of the fastener industry. Individuals are selected based on their strides to advance the industry as a whole—including their personal achievements, and tenure of their respective businesses.
