

Registration Open for the International Fastener Expo 2020

Registration is open at www.fastenershows.com for the International Fastener Expo (IFE) 2020. IFE 2020 will continue to take place as scheduled on Sept. 28-30 at the Mandalay Bay Convention Center, Halls C & D, in Las Vegas, Nevada. The expo is North America's most extensive business-to-business tradeshow of its kind for all types of fasteners, machinery & tooling, and other industrial products.

This September, IFE will host a robust conference schedule with highlights on technology, leadership and business management, and current market challenges and best practices - all in environment that places the health & safety of IFE's customers and staff as its top priority. IFE, which is owned by Emerald, will be implementing the Company's Preparedness, Prevention and Response Plan, which outlines the specific protocols being implemented both during the event-planning phase and onsite at IFE. For further information, go to https://www.fastenershows.com/wp-content/uploads/2020/06/Emerald-PPR-Plan_Final2.pdf?utm_source=Email&utm_medium=Reach&utm_campaign=162805

"This year, more than ever, an event such as IFE is crucial in connecting professionals in the industry. Attendance at IFE allows buyers to connect with their existing suppliers and develop new relationships too. Our team is working hard to ensure an environment that is safe for all those in attendance and has put together a plan detailing on-site protocols," said Morgan Wilson, show manager, International Fastener Expo.

Leading industry experts will speak on product standards and materials, quality issues and more. In addition, attendees at IFE can expect to see the latest that is on offer in the industry and stay informed on everything happening in import and export law, trade regulations, and so on through conference sessions at the show.

Each year, IFE brings together thousands of attendees, buyers, and sellers from across the entire supply chain. These include manufacturers, distributors & master distributors, and OEMs. VIP attendees at IFE are consistently included in Industrial Distribution's Big 50 List and exhibitors are among the top international and domestic manufacturers, material suppliers, tooling and machinery providers and ancillary services.

Attendees to the show are encouraged to register early in order to take advantage of early-bird pricing at only \$50. Pricing will increase to \$75 after June 30, and the on-site fee will be \$85.

To register, visit <https://www.fastenershows.com/attendees/register-to-attend/>. For more information on IFE, visit www.fastenershows.com.

About International Fastener Expo

The International Fastener Expo (IFE) is the largest and most diverse gathering of fastener and industrial professionals in North America. Founded in 1981 it serves all reaches of the supply chain, from manufacturer to distributor to OEMs, and features nearly 70 product categories. With over 850 vendors and more than 5,000 attendees from 30+ nations, the International Fastener Expo delivers industry-leading content and facilitates vital industry connections at their annual three-day show in Las Vegas, Nevada, the entertainment and trade show capital of North America. International Fastener Expo is owned and produced by Emerald. .
