Our biggest networking event of the year is our annual Distributor Social. The Distributor Social will be held on Thursday, May 7. This is the biggest networking event in the Cleveland area! More information will be sent out and posted to our website as the date approaches.

In the meantime, we will kick off the new year with our first event on February 29. Join us for an afternoon on the ice watching the Cleveland Monsters battle the Belleville Senators. We are trying something new and hosting this event on a Saturday afternoon. This will give our members the opportunity to bring their family/friends along to this family-friendly event. Even if you are not a hockey fan, watching a game makes for some great entertainment. Although we are still finalizing some of our 2020 events, there are a couple more that have finalized dates: Night at the Ballpark (Indians vs. White Sox) on July 30 and the Screw Open Golf Outing on September 10.
