

Shear-Loc Announces Updated Website

Shear-Loc Products, developers of the *Original Instant Thumb Screw Knob*, has recently updated its website that now showcases four new product lines which brings their total offering to over 5,000 choices.

Visit www.shear-loc.com.

The user can now direct their need for an exact thread size, and the website will show part numbers for the entire offering for that requirement.

The website also has a factory direct quote system giving the customer pricing, sources, and availability.

Be sure to check out the information section that covers FAQ, Food for Thought and About Us.

For 50 years, the original Shear-Loc line has and will continue to supply test samples of their knobs which are molded in the U.S.A.

Contact Shear-Loc at 800.775.5668, or e-mail: sales@shear-loc.com. For more information or free samples, their entire line of thumb screw knobs can be seen at www.shear-loc.com.
