

State of the Industry: Fasteners at the Forefront
Wednesday, May 13, 2:00 PM ET; 11:00 AM PT

The world is a very different place today. With the constant demands of this ever-changing environment, suppliers and buyers in the fastener and industrial products industry have had to pivot in real time. So, how have businesses in the industry dealt with the challenges brought about by this crisis?

Join this **FREE** webinar to hear our panel discuss the industry's response and what to expect in the coming months:

- Supply chain - best practices
- Digital optimization
- New health & safety initiatives
- Economic outlook
- Live Q&A to follow.

Seats are limited, reserve yours today.
